

The background is a vibrant, abstract composition. A large, solid red circle is centered on the page, serving as a backdrop for the text. Surrounding this circle are various organic, flowing shapes in shades of blue, green, and yellow. Some of these shapes contain small, stylized figures or patterns, adding to the complexity of the design. The overall aesthetic is modern and artistic, with a focus on bold colors and fluid forms.

I'm Howard Kurtzman, howardofhoward, a self-taught artist, who was encouraged to paint by a close friend in 1986. Life and near death experiences, a lightning strike, a hold at gunpoint, a venomous sting to the head, run over by a garbage truck, and wondrous moments in nature, inspire my work.

The intense passion to create produces my wild, vivid, imaginary, whimsical, sexy pieces of art. Every color on every canvas is hand mixed. No color has come directly from the tube of paint. My work is original, hard edged, hand made, authentic, and from my core.

The road ahead is unpredictable.
There is a painting ready to diagram the past queuing in my head.

A self-taught artist with a passion for pushing limits, Howard invites you to tap into your inner child, get a little messy, and explore your creative spark. Over two magical months, he'll be teaching, creating, sharing stories, and building a one-of-a-kind body of work that will all come together in a joyful solo show and community gathering.

Think art, heart, and a whole lot of fun.
